<i>Foreword</i>	<i>xxxix</i>
<i>Preface</i>	<i>xli</i>

## SECTION I ■ INTRODUCTION/GENERAL CONCEPTS

Chapter 1	<b>National Health Systems and the Place of Intensive Care Medicine: Which Model?</b>	1
	<i>Howard Waitzkin and A. Joseph Layon</i>	
Chapter 2	<b>Life and Death in the ICU: Ethical Considerations</b>	17
	<i>David B. Waisel</i>	
Chapter 3	<b>Understanding Reactions of Patients and Families</b>	27
	<i>Craig T. Usher and Eugene V. Beresin</i>	
Chapter 4	<b>Breaking Bad News to Patients</b>	38
	<i>Rhonda S. Fishel and Jamie Hochman</i>	
Chapter 5	<b>Informed Consent</b>	43
	<i>Eileen H. Kim, Michele A. Lorand, William Hayden, and Cory M. Franklin</i>	
Chapter 6	<b>Judicial Involvement in End-of-Life Decisions</b>	54
	<i>Cristina Palacio</i>	
Chapter 7	<b>Collaborative Care: Physician and Nursing Interactions and the Foundation of a Successful Unit</b>	71
	<i>Elizabeth Manias</i>	
Chapter 8	<b>Clinical Decision Making</b>	81
	<i>Jonathan B. Cohen and Jonathan D. Dreier</i>	
Chapter 9	<b>How to Read a Medical Journal and Understand Basic Statistics</b>	95
	<i>Christopher Lee Sistrom and Cynthia Wilson Garvan</i>	
Chapter 10	<b>Quality Assurance, Safety, and Outcomes</b>	113
	<i>Elizabeth Martinez, Jose Rodriguez-Paz, and Peter Pronovost</i>	
Chapter 11	<b>External Compliance Organizations and Measures</b>	123
	<i>Danny M. Takanishi, Jr.</i>	
Chapter 12	<b>The Virtual ICU and Telemedicine: Computers, Electronics, and Data Management</b>	127
	<i>Eran Segal</i>	
Chapter 13	<b>Universal Precautions: Protecting the Practitioner</b>	133
	<i>Harrinarine Madhosingh and Denise Schain</i>	
Chapter 14	<b>Intrahospital Transport of Critically Ill Patients</b>	143
	<i>Ismaël Mohammedi</i>	

Chapter 15	<b>Interhospital Transport of Critically Ill Patients</b> <i>Jack J.M. Ligtenberg and Wilma E. Monteban-Kooistra</i>	150
<b>SECTION II ■ MONITORING</b>		
Chapter 16	<b>Invasive Pressure Monitoring: General Principles</b> <i>Elizabeth Lee Daugherty, David Shade, and Henry E. Fessler</i>	155
Chapter 17	<b>Noninvasive Cardiovascular Monitoring</b> <i>William C. Shoemaker, Howard Belzberg, Charles C. J. Wo, George Hatzakis, and Demetrios Demetriades</i>	163
Chapter 18	<b>Hemodynamic Monitoring: Arterial and Pulmonary Artery Catheters</b> <i>Sharon E. Moran, Kevin Y. Pei, and MihaeYu</i>	171
Chapter 19	<b>Monitoring Tissue Perfusion and Oxygenation</b> <i>Kenneth Waxman</i>	193
Chapter 20	<b>Bedside Assessment and Monitoring of Pulmonary Function and Power of Breathing in the Critically Ill</b> <i>Michael J. Banner</i>	199
Chapter 21	<b>Pulse Oximetry and Plethysmography</b> <i>Johannes H. van Oostrom, Brian Fuehrlein, and Richard J. Melker</i>	217
Chapter 22	<b>Capnography</b> <i>J. S. Gravenstein and David A. Paulus</i>	223
Chapter 23	<b>Echocardiography</b> <i>David T. Porembka</i>	237
Chapter 24	<b>Temperature Monitoring</b> <i>Toshiki Mizobe and Daniel I. Sessler</i>	271
Chapter 25	<b>Blood Volume Measurements in Critical Care</b> <i>Joseph Feldschub</i>	283
Chapter 26	<b>Venous Oximetry</b> <i>Emanuel P. Rivers, Ronny Otero, A. Joseph Garcia, Konrad Reinhart, and Arturo Suarez</i>	296
Chapter 27	<b>Neurologic Monitoring</b> <i>Christoph N. Seubert, Dietrich Gravenstein, Steven A. Robicsek, and Michael E. Mabla</i>	317
Chapter 28	<b>Radiographic Imaging and Bedside Ultrasound in the Intensive Care Unit</b> <i>Patricia L. Abbitt and Morgan Camp</i>	343
Chapter 29	<b>Neuroimaging of the Critical Care Patient</b> <i>Jeffrey A. Bennett, Christopher J. Krebs, and David V. Smullen</i>	368
Chapter 30	<b>Intensive Care Unit Point-of-Care Testing</b> <i>William E. Winter</i>	387
<b>SECTION III ■ TECHNIQUES, PROCEDURES, AND TREATMENTS</b>		
Chapter 31	<b>Clean and Aseptic Techniques at the Bedside</b> <i>Rabih O. Darouiche</i>	397
Chapter 32	<b>Vascular Cannulation</b> <i>Indermeet S. Bhullar and Ernest F. J. Block</i>	409
Chapter 33	<b>Temporary Cardiac Pacemakers</b> <i>Jamie B. Conti and Gregory W. Woo</i>	429

Chapter 34	<b>Important Intensive Care Procedures</b> <i>George C. Velmahos</i>	441
Chapter 35	<b>Interventional Radiology in the Critical Care Unit</b> <i>Keith R. Peters and Scott W. Peterson</i>	455
Chapter 36	<b>Feeding Tube Placement</b> <i>Lawrence J. Caruso and Larry C. Martin</i>	495
Chapter 37	<b>Flexible Bronchoscopy</b> <i>Michael A. Jantz</i>	505
Chapter 38	<b>Airway Management</b> <i>Thomas C. Mort, Andrea Gabrielli, Timothy J. Coons, Elizabeth Cordes Bebringer, and A. Joseph Layon</i>	519
Chapter 39	<b>Hyperbaric Oxygen Therapy</b> <i>Richard E. Moon and John Paul M. Longphre</i>	556
Chapter 40	<b>Anesthesia in the ICU</b> <i>Avner Sidi and Yakov Yusim</i>	575
<b>SECTION IV ■ ESSENTIAL PHYSIOLOGIC CONCERNS</b>		
Chapter 41	<b>Fluids and Electrolytes</b> <i>Steven G. Achinger and Juan Carlos Ayus</i>	609
Chapter 42	<b>Blood Gas Analysis and Acid-Base Disorders</b> <i>Steven G. Achinger and Juan Carlos Ayus</i>	631
Chapter 43	<b>Central Nervous System</b> <i>Edward M. Manno and Alejandro A. Rabinstein</i>	649
Chapter 44	<b>The Lung Structure and Function</b> <i>John J. Marini, David J. Dries, and John F. Perry, Jr.</i>	666
Chapter 45	<b>Cardiovascular System</b> <i>Michael Schlame and Thomas J. J. Blanck</i>	682
Chapter 46	<b>Fundamentals of Cardiopulmonary Resuscitation</b> <i>Ikram U. Haque, Andrea Gabrielli, and Arno L. Zaritsky</i>	697
Chapter 47	<b>Renal Physiology and Its Systemic Impact</b> <i>Marcelo E. Heinig and A. Ahsan Ejaz</i>	721
Chapter 48	<b>Gastrointestinal Physiology</b> <i>Jorge H. Castro and Juan B. Ochoa</i>	730
Chapter 49	<b>Coagulation</b> <i>Maureane Hoffman</i>	739
Chapter 50	<b>Allergy and Immunology</b> <i>Petar J. Popovic, Benjamin M. Matta, and Juan B. Ochoa</i>	749
<b>SECTION V ■ MODULATING THE RESPONSE TO INJURY</b>		
Chapter 51	<b>Molecular Biology: Genomics and Proteomics</b> <i>Bryce A. Heese and Roberto T. Zori</i>	761
Chapter 52	<b>Gene Therapy in Critical Illness: Past Applications and Future Potential</b> <i>Robert D. Winfield and Lyle L. Moldauer</i>	778
Chapter 53	<b>The Host Response to Injury and Critical Illness</b> <i>Jamie Taylor and Clifford S. Deutschman</i>	787

Chapter 54	<b>Multiple Organ Dysfunction Syndrome</b> <i>J. Matthias Walz and Stephen O. Heard</i>	793
SECTION VI ■ SHOCK STATES		
Chapter 55	<b>Shock: General</b> <i>S. Rob Todd, Krista L. Turner, and Frederick A. Moore</i>	813
Chapter 56	<b>Cardiogenic Shock</b> <i>Marc A. Simon and Michael R. Pinsky</i>	835
Chapter 57	<b>Sepsis and Septic Shock</b> <i>Anand Kumar and Aseem Kumar</i>	855
Chapter 58	<b>Hemorrhagic Shock</b> <i>Marianne E. Cinat and David B. Hoyt</i>	893
Chapter 59	<b>Neurogenic Shock</b> <i>Susanne Mueblschlegel and David M. Greer</i>	925
Chapter 60	<b>Anaphylactic Shock</b> <i>Meghavi S. Kosboth and Eric S. Sobel</i>	933
Chapter 61	<b>Splanchnic Flow and Resuscitation</b> <i>John W. Mah and Orlando C. Kirton</i>	941
SECTION VII ■ PHARMACOLOGY, NUTRITION, TOXICOLOGY, AND THE ENVIRONMENT		
Chapter 62	<b>Pharmacologic Principles</b> <i>Aimée C. LeClaire and Dale H. Whitby</i>	949
Chapter 63	<b>Sedation and Neuromuscular Blockade</b> <i>Michael J. Murray and Eric L. Bloomfield</i>	961
Chapter 64	<b>Nutritional Issues</b> <i>John K. Stene and Thomas C. Vary</i>	971
Chapter 65	<b>Practical Aspects of Nutritional Support</b> <i>Christopher D. Tan</i>	977
Chapter 66	<b>Toxicology</b> <i>Andrew Stolbach and Lewis R. Goldfrank</i>	987
Chapter 67	<b>Substance Abuse and Withdrawal: Alcohol, Cocaine, Opioids and Other Drugs</b> <i>S. Sujanthy Rajaram and Janice L. Zimmerman</i>	1015
Chapter 68	<b>Envenomation</b> <i>Craig S. Kitchens, Steven A. Seifert, Claudia L. Barthold, and Jennifer A. Oakes</i>	1027
SECTION VIII ■ THE SURGICAL PATIENT		
Chapter 69	<b>Perioperative Pulmonary Function Testing and Consultation</b> <i>Philip Boysen</i>	1051
Chapter 70	<b>Preoperative Evaluation of the High-Risk Surgical Patient</b> <i>Bhiken I. Naik, Deane Murfin, and Lisa Thannikary</i>	1059
Chapter 71	<b>Anesthesia: Physiology and Postanesthesia Problems</b> <i>Eran Segal and A. Joseph Layon</i>	1082

Chapter 72	<b>Initial Management of the Trauma Patient</b> <i>Scott R. Karlan and Daniel R. Margulies</i>	1104
Chapter 73	<b>Secondary and Tertiary Triage of the Trauma Patient</b> <i>Robert D. Winfield and Lawrence Lottenberg</i>	1109
Chapter 74	<b>Surgical and Post-Surgical Bleeding</b> <i>Danny M. Takanishi, Jr.</i>	1129
Chapter 75	<b>Abdominal Trauma: Nonoperative Management and Postoperative Considerations</b> <i>C. Clay Cothren and Ernest E. Moore</i>	1140
Chapter 76	<b>Evaluating the Acute Abdomen</b> <i>H. David Reines and Hani Seoudi</i>	1158
Chapter 77	<b>The Difficult Post-Operative Abdomen</b> <i>Stephanie A. Savage and Timothy C. Fabian</i>	1168
Chapter 78	<b>Critical Care of Hepatopancreatobiliary Surgery Patients</b> <i>Robin D. Kim, Kristin L. Mekeel, and Alan W. Hemming</i>	1178
Chapter 79	<b>Critical Care of the Thoracic Surgical Patient</b> <i>Thomas L. Higgins and Patrick T. Mailloux</i>	1190
Chapter 80	<b>Postoperative Management of Adult Cardiovascular Surgery Patients</b> <i>Howard K. Song and Matthew S. Slater</i>	1203
Chapter 81	<b>Management of the Pediatric Cardiac Surgical Patient</b> <i>Karen L. Booth and Stephen J. Roth</i>	1218
Chapter 82	<b>Vascular Surgery in the Intensive Care Unit</b> <i>Robert J. Feezor and Timothy C. Flynn</i>	1237
Chapter 83	<b>Neurologic Injury: Prevention and Initial Care</b> <i>Cherylee W. J. Chang</i>	1245
Chapter 84	<b>CNS Vascular Disease</b> <i>David A. Decker, Brian L. Hoh, and Michael F. Waters</i>	1260
Chapter 85	<b>Orthopedic Critical Care</b> <i>Deborah Stern, Andrew Pollak, and Thomas M. Scalea</i>	1279
Chapter 86	<b>Urologic Surgery and Trauma</b> <i>Michael Coburn</i>	1291
Chapter 87	<b>Facial Trauma</b> <i>M. Barbara Honnebier</i>	1307
Chapter 88	<b>Burn Injury: Thermal and Electrical</b> <i>Winston T. Richards and David W. Mozingo</i>	1313
Chapter 89	<b>Temperature-Related Injuries</b> <i>Takeru Shimizu and Taro Mizutani</i>	1325
<b>SECTION IX ■ ORGAN TRANSPLANTATION</b>		
Chapter 90	<b>Transplantation: An Overview of Problems and Concerns</b> <i>David M. Levi, Joseph Ferreira, and Andreas G. Tzakis</i>	1337
Chapter 91	<b>Heart Transplantation</b> <i>Charles W. Hoopes</i>	1347

Chapter 92	<b>Lung Transplantation</b> <i>Sebastian Fernandez-Bussy, Olufemi Akindipe, Amy F. Rosenberg, Edward D. Staples, and Maher A. Baz</i>	1357
Chapter 93	<b>Liver Transplant</b> <i>Giuditta Angelini, Zoltan G. Hevesi, and Douglas B. Coursin</i>	1373
Chapter 94	<b>Pancreatic Transplantation</b> <i>Raja Kandaswamy and David E. R. Sutherland</i>	1382
Chapter 95	<b>Renal Transplantation</b> <i>Linda L. Wong, Kimi R. Ueda, and V. Ram Peddi</i>	1395
Chapter 96	<b>Critical Care Aspects of Stem Cell Transplantation</b> <i>Robert Peter Gale and Amin Rahemtulla</i>	1411
SECTION X	<b>SPECIAL PATIENT POPULATION</b>	
Chapter 97	<b>The Obstetric Patient: General</b> <i>Michael A. Frölich and Mali Mathru</i>	1429
Chapter 98	<b>Cardiac Disease and Hypertensive Disorders in Pregnancy</b> <i>Raymond O. Powrie</i>	1441
Chapter 99	<b>Hemorrhagic and Liver Disorders of Pregnancy</b> <i>Karen Bordson and Carl P. Weiner</i>	1463
Chapter 100	<b>Acute Abdomen and Trauma during Pregnancy</b> <i>Ira M. Bernstein and Cathleen Harris</i>	1468
Chapter 101	<b>Fetal Monitoring Concerns</b> <i>Keri A. Baacke and Rodney K. Edwards</i>	1479
Chapter 102	<b>The Obese Surgical Patient in the Critical Care Unit</b> <i>Adrian Alvarez and Juan C. Cendan</i>	1489
Chapter 103	<b>The Geriatric Patient</b> <i>Carl W. Peters, Rebecca J. Beyth, and Miho K. Bautista</i>	1505
SECTION XI	<b>INFECTIOUS DISEASE</b>	
Chapter 104	<b>The Role of Antibiotics in the Management of Serious Hospital-Acquired Infections</b> <i>Marin H. Kollef, Scott T. Micek, and Lee P. Skrupky</i>	1535
Chapter 105	<b>An Approach to the Febrile ICU Patient</b> <i>Neil A. Mushlin and Paul E. Marik</i>	1553
Chapter 106	<b>Surgical Infections</b> <i>Philip S. Barie, Frederic M. Pieracci, and Soumitra R. Eachempati</i>	1564
Chapter 107	<b>Skin Wounds and Musculoskeletal Infection</b> <i>Marc J. Shapiro and Steven Sandoval</i>	1593
Chapter 108	<b>Neurologic Infections</b> <i>Wendy I. Sligl and Stephen D. Shafran</i>	1605
Chapter 109	<b>Infections of the Head and Neck</b> <i>Maria Suurna and Allen M. Seiden</i>	1626
Chapter 110	<b>Catheter-Related Bloodstream Infections</b> <i>Dany E. Ghannam and Issam I. Raad</i>	1641
Chapter 111	<b>Respiratory Infections in the ICU</b> <i>Olivier Y. Leroy and Serge Alfandari</i>	1651

Chapter 112	<b>Adult Gastrointestinal Infections in the ICU</b> <i>Sridivya Jaini and Herbert L. DuPont</i>	1675
Chapter 113	<b>Catheter-Associated Urinary Tract Infections in the ICU: Implications for Clinical Practice</b> <i>Marc Leone and Claude Martin</i>	1683
Chapter 114	<b>Fungal and Viral Infections</b> <i>Minh-Ly Nguyen, Minh-Hong Nguyen, Kevin J. Farrell, and Cornelius J. Clancy</i>	1694
Chapter 115	<b>Infections in the Immunocompromised Host</b> <i>Karen E. Doucette and Jay A. Fishman</i>	1717
Chapter 116	<b>Human Immunodeficiency Virus in the Intensive Care Unit</b> <i>Alison Morris, Kristina Crothers, and Laurence Huang</i>	1731
Chapter 117	<b>Unusual Infections</b> <i>Sankar Swaminathan</i>	1754
<b>SECTION XII ■ CARDIOVASCULAR DISEASE AND DYSFUNCTION</b>		
Chapter 118	<b>Evaluation of Chest Pain and Acute Coronary Syndrome in the ICU</b> <i>Giuseppe De Luca, Salvatore Cassese, and Paolo Marino</i>	1767
Chapter 119	<b>Non ST Elevation Acute Coronary Syndrome: Contemporary Management Strategies</b> <i>Achille Gaspardone and Leonardo De Luca</i>	1781
Chapter 120	<b>ST Elevation Myocardial Infarction (STEMI) Contemporary Management Strategies</b> <i>Achille Gaspardone and Leonardo De Luca</i>	1795
Chapter 121	<b>Evaluation and Management of Heart Failure</b> <i>James E. Calvin, Jr. and Stephanie H. Dunlap</i>	1817
Chapter 122	<b>Cardiac Mechanical Assist Devices</b> <i>Charles T. Klodell</i>	1839
Chapter 123	<b>Valvular Heart Disease</b> <i>Kathirvel Subramaniam and Jean-Pierre Yared</i>	1847
Chapter 124	<b>Cardiac Dysrhythmias</b> <i>Sherry J. Saxonhouse, William M. Miles, and Jamie B. Conti</i>	1859
Chapter 125	<b>Pericardial Disease</b> <i>Carsten M. Schmalfuss</i>	1875
Chapter 126	<b>Acute Hypertension Management in the ICU</b> <i>Andreas H. Kramer and Thomas P. Bleck</i>	1887
<b>SECTION XIII ■ RESPIRATORY DISORDERS</b>		
Chapter 127	<b>Heart–Lung Interactions</b> <i>Michael R. Pinsky</i>	1899
Chapter 128	<b>Anatomy of Mechanical Ventilation</b> <i>Paul B. Blanch</i>	1907
Chapter 129	<b>Noninvasive Ventilatory Support Modes</b> <i>Massimo Antonelli, Giorgio Conti, and Giuseppe Bello</i>	1939
Chapter 130	<b>Invasive Ventilatory Support Modes</b> <i>Claudia Crimi, Dean R. Hess, and Luca M. Bigatello</i>	1959

Chapter 131	<b>Bedside Interpretation of Ventilatory Waveforms</b> <i>Ettore Crimi, Dean R. Hess, and Luca M. Bigatello</i>	1974
Chapter 132	<b>Weaning from Mechanical Ventilation</b> <i>Franco Laghi</i>	1991
Chapter 133	<b>High-Frequency Ventilation: Lessons Learned and Future Directions</b> <i>Niall D. Ferguson and Arthur S. Slutsky</i>	2029
Chapter 134	<b>Oxygen Therapy and Basic Respiratory Care</b> <i>Elamin M. Elamin, J. Michael Jaeger, and Andrew C. Miller</i>	2043
Chapter 135	<b>Indications for and Management of Tracheostomy</b> <i>Hao Chih Ho and Mihae Yu</i>	2057
Chapter 136	<b>Acute Lung Injury and Acute Respiratory Distress Syndrome</b> <i>Carl W. Peters, Mihae Yu, Robert N. Sladen, Andrea Gabrielli, and A. Joseph Layon</i>	2061
Chapter 137	<b>Extracorporeal Circulation for Respiratory or Cardiac Failure</b> <i>Robert H. Bartlett, and Jonathan Haft</i>	2081
Chapter 138	<b>Drowning</b> <i>Andrea Gabrielli, A. Joseph Layon, Ahamed H. Idris, and Jerome H. Modell</i>	2087
Chapter 139	<b>Aspiration</b> <i>Holger H. Hasselbring and Michael Sydow</i>	2096
Chapter 140	<b>Severe Asthma Exacerbation</b> <i>Paraskevi A. Katsaounou and Theodoros Vassilakopoulos</i>	2110
Chapter 141	<b>Acute Respiratory Failure in Chronic Obstructive Pulmonary Disease</b> <i>Marcelo Amato</i>	2133
Chapter 142	<b>Pulmonary Embolism</b> <i>Kenneth E. Wood and Aaron Joffe</i>	2143
Chapter 143	<b>Other Embolic Syndromes (Air, Fat, Amniotic Fluid)</b> <i>Murat Sungur and Kürsat Uzun</i>	2159
Chapter 144	<b>Pleural Disease in the Intensive Care Unit</b> <i>Michael A. Jantz and Veena B. Antony</i>	2171
Chapter 145	<b>Massive Hemoptysis</b> <i>Michael A. Jantz and Veena B. Antony</i>	2188
<b>SECTION XIV ■ NEUROLOGIC DISEASE AND DYSFUNCTION</b>		
Chapter 146	<b>Elevated Intracranial Pressure</b> <i>Gareth Adams, Shankar P. Gopinath, and Claudia S. Robertson</i>	2195
Chapter 147	<b>Altered Consciousness and Coma in the Intensive Care Unit</b> <i>Eelco F. M. Wigdicks</i>	2205
Chapter 148	<b>Seizures and Status Epilepticus</b> <i>Georges A. Ghacibeh</i>	2213
Chapter 149	<b>Neuromuscular Disorders</b> <i>Edward Valenstein and Matthew Musulin</i>	2227

Chapter 150	<b>Behavioral Disturbances in the Intensive Care Unit</b> <i>Ramona O. Hopkins and James C. Jackson</i>	2245
Chapter 151	<b>ICU Discharge Criteria and Rehabilitation Potential for Severe Brain Injury Patients</b> <i>Rita Formisano, Maria Matteis, Umberto Bivona, Maria Paolo Ciurli, and R. Zafonte</i>	2254
<b>SECTION XV ■ GASTROINTESTINAL DISEASE AND DYSFUNCTION</b>		
Chapter 152	<b>Upper Gastrointestinal Bleeding</b> <i>Gökhan M. Mutlu and Ece A. Mutlu</i>	2267
Chapter 153	<b>Approach to Lower Gastrointestinal Bleeding</b> <i>Hsiu-Po Wang</i>	2277
Chapter 154	<b>Liver Failure: Acute and Chronic</b> <i>R. Todd Stravitz and Andreas H. Kramer</i>	2303
Chapter 155	<b>Pancreatic Disease</b> <i>Felicia A. Ivascu, George D. Garcia, and Danny Sleeman</i>	2324
Chapter 156	<b>Inflammatory Bowel Disease and Toxic Megacolon</b> <i>Nimisha K. Parekh and Stephen B. Hanauer</i>	2337
Chapter 157	<b>Esophageal Disorders</b> <i>Jack A. Di Palma, and Cody B. Barnett</i>	2345
Chapter 158	<b>Gastrointestinal Motility Disorders</b> <i>Nicholas Verne and John G. Lieb, II</i>	2351
Chapter 159	<b>Mesenteric Ischemia</b> <i>Thomas S. Huber</i>	2367
<b>SECTION XVI ■ RENAL</b>		
Chapter 160	<b>Acute Renal Failure</b> <i>Sean M. Bagshaw and Rinaldo Bellomo</i>	2381
Chapter 161	<b>Renal Replacement Therapies in the Critically Ill Patient</b> <i>Claudio Ronco and Zaccaria Ricci</i>	2393
<b>SECTION XVII ■ ENDOCRINE DISEASE AND DYSFUNCTION</b>		
Chapter 162	<b>Endocrinopathy in the ICU</b> <i>Adrien Bougle and Djillali Annane</i>	2411
Chapter 163	<b>Disordered Glucose Metabolism</b> <i>Jack D. Shannon, Kevin W. Hatton, and Elamin M. Elamin</i>	2429
Chapter 164	<b>The Adrenal Gland in Critical Illness</b> <i>Mark S. Cooper</i>	2441
Chapter 165	<b>Pheochromocytoma</b> <i>Daniel T. Ruan and Quan-Yang Duh</i>	2448
Chapter 166	<b>Thyroid Disease in the Intensive Care Unit</b> <i>Jennifer A. Sipos and William G. Cance</i>	2452
<b>SECTION XVIII ■ SKIN AND MUSCLE DISEASE AND DYSFUNCTION</b>		
Chapter 167	<b>Critical Care of Autoimmune and Connective Tissue Disorders: Rheumatologic Diseases in the Intensive Care Unit</b> <i>Harakh V. Dedhia and Ronald A. Mudry</i>	2465

Chapter 168	<b>Dermatologic Conditions</b> <i>Mariona Badia and Jose Javier Trujillano</i>	2481
Chapter 169	<b>Prevention of Pressure Injuries in the Intensive Care Unit</b> <i>Matthew James Peterson, Kathleen E. Fitzgerald, and Lawrence J. Caruso</i>	2495
<b>SECTION XIX ■ HEMATOLOGIC AND ONCOLOGIC DISEASE AND DYSFUNCTION</b>		
Chapter 170	<b>Coagulation Disorders in the Intensive Care Unit</b> <i>Robert I. Parker</i>	2503
Chapter 171	<b>Transfusion Therapy: When to Use It and How to Minimize It</b> <i>Samir M. Fakhry and Hani Seoudi</i>	2523
Chapter 172	<b>Antithrombotic and Thrombolytic Therapy</b> <i>Gohar H. Dar and Steven R. Insler</i>	2537
Chapter 173	<b>Hematologic Conditions in the ICU</b> <i>Jan S. Moreb</i>	2561
Chapter 174	<b>Oncologic Emergencies</b> <i>S. Anjani D. Mattai and Jeffrey S. Groeger</i>	2575
<b>SECTION XX ■ SPECIALIZED MANAGEMENT ISSUES: DISASTER MANAGEMENT</b>		
Chapter 175	<b>Mass Casualty Incidents: Organizational and Triage-Management Issues That Impact Critical Care</b> <i>Frederick M. Burkle, Jr., Michael D. Christian, and Lewis Rubinson</i>	2599
Chapter 176	<b>Bioterrorism</b> <i>Edgar Jimenez and F. Elizabeth Poalillo</i>	2609
Chapter 177	<b>Emergent Pandemic Infections and Critical Care</b> <i>Lennox K. Archibald</i>	2631
Chapter 178	<b>Disaster Response</b> <i>W. Craig Fugate and Donald R. Sessions</i>	2649
	<b>Appendices: Critical Care Catalog</b> <i>Joseph Varon and Santiago Herrero</i>	2661
	<i>Index</i>	2707
